Modesto, FALL 2024

Looking back...

Sizzling Summer Fun at My Friends Modesto. What a blast we had this summer! Even though the temperatures soared, the fun soared higher. With all the kids back for summer break, our center was buzzing with energy, laughter, and endless activities. We were thrilled to have a full house – nothing beats the joy of seeing all our children together, making memories and having a fun time!

The highlight of the season? Our brand-new water slide! It instantly became a fan favorite, turning our water days into a splashing success. From giggles to big smiles, the kids could not get enough of the cool new addition.

We can't wait to see what other adventures the year ahead brings!

Meet Monica

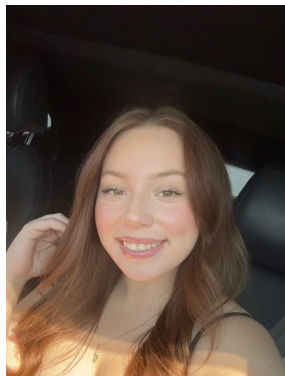

Monica is a delightful and nurturing little girl who may start off shy, but quickly reveals her warm and funny personality. She has a special bond with her cat, Wednesday, and her love for chicken and rice, tacos, and spicy snacks makes mealtimes one of her favorites.

Monica's imagination shines when she plays with her Barbies, and she is a huge fan of Jojo Siwa's music. She is always eager to spend time with her best friends, Alessandriel and Rhyett, whether they are playing together at the center or having fun adventures at the park. Monica is the kind of kid who makes every day brighter with her positive spirit and caring heart. We love having Monica part of the My Friends family.

Meet Macie

Meet Our Sweet Nurse: Macie! For over three years, Macie has been a beloved part of the My Friends Modesto team. She is passionate about working with children; being their advocate and voice when they are most vulnerable. Even on tough days, the kids always manage to put a smile on her face, reminding her of the meaningful purpose behind her work. Macie loves everything about her job and treats all the kids like her best friends, caring for each one with genuine warmth and dedication. Outside of work, she is a big traveler, a foodie at heart, and enjoys cooking and spending quality time with her loved ones. A proud Niner fan and a dedicated plant mom, she brings her nurturing spirit into all parts of her life. Macie's ultimate career goal is to become a nurse practitioner. Driven by a desire to make a positive and lasting impact on those around her, creating moments that are both meaningful and memorable.
